Mission of UCEF in Canada

The Ukrainian Catholic Education Foundation teaches Canadians about the academic and financial needs of Ukrainian Catholic educational institutions in Ukraine. In a sincere commitment to personal involvement and high standards, UCEF works with these institutions hands-on to meet present needs and develop resources for the future. Through grant and endowment programs, distribution of books and teaching materials, and collaborative volunteer projects emphasizing foreign exchange of students and faculty, we foster the communion of Ukrainian Canadians with the Ukrainian nation and of Roman Catholics in the West with the largest Eastern Catholic Church.

UCU's Mission

The Ukrainian Catholic University is an open academic community living the Eastern Christian tradition and forming leaders to serve with professional excellence in Ukraine and internationally - for the glory of God, the common good, and the dignity of the human person

From the Chief Development Officer

Dear Friends in Christ:

Without a doubt, the year 2013 became the most important turning point for Ukraine since the nation achieved its independence in 1991. The Ukrainian Catholic University (UCU) was at the center of monumental and awe-in-

spiring events that won the world's respect and captured our imagination.

Students of the university were the first to take to the streets of Lviv to protest the Yanukovich regime. The next day, they joined millions of freedom-loving Ukrainians on Kyiv's Independence Square in a non-violent movement that UCU's President, Bishop Borys Gudziak, aptly called "a Revolution of Dignity." Our faculty and staff and clergy were there as well.

On December 11 the UCU administration called on citizens to engage in nationwide civil disobedience against the grossly corrupt presidency. In 2014, the university shared in the country's tragedies, as unarmed UCU lecturer Bohdan Solchanyk was among those slain by government snipers on February 20.

Дорогі Друзі у Христі!

Без сумніву, 2013-ий рік став найважливішим переломним моментом в історії України від часу проголошення її незалежності в 1991-му році. Український Католицький Університет був у самому центрі цих монументальних і дивовижно надихаючих подій, котрі завоювали повагу цілого світу і захопили нашу уяву.

Студенти УКУ одні з перших вийшли на вулиці Львова на протест проти режиму Януковича. Пізніше вони приєдналися до мільйонів волелюбних українців на головній площі Києва – Майдані Незалежності у мирному протесті, який Президент УКУ Владика Борис Гудзяк влучно назвав «Революцією Гідності». Викладачі, працівники і священники брали участь у ній також.

11-го грудня провід університету закликав усіх громадян до загальнонаціонального виявлення громадської непокори супроти жахливо корумпованого президента. На початку 2014 року спільнота УКУ зазнала непоправної втрати внаслідок трагічних подій в українській столиці, коли 20-го лютого від кулі снайпера загинув незброєний викладач Богдан Сольчаник.

Український Католицький Університет залишається твердиною католицької моралі, бізнесової етики і

UCU remains a stronghold of Catholic moral teaching, business ethics and social responsibility. With a new government in Kyiv, the university has committed itself to an intensive campaign to rebuild the country with sweeping reforms that can embody the highest moral and democratic values.

The university was honored to host Western ambassadors, among them Canada's own Troy Lulashnyk. The Calgary Friends of UCU were also among UCU's visitors.

Here in North America, university staff and faculty attended charity events in Toronto, Montreal, New York and beyond.

We want to thank all of you for enabling the University to mature and flourish, even in these turbulent times. And we invite you to visit UCU and to consider the vital role that you and your family can play in helping the University to inaugurate a bright new chapter in the history of Ukraine and the world.

May God bless you!

Alexander B. Kuzma, *Chief Development Officer*

соціальної відповідальності. З приходом нової влади, університет зобов'язався долучитися до інтенсивної кампанії відбудови держави через проведення кардинальних реформ за найвищими моральними і демократичними цінностями.

Університет мав честь гостити у себе багатьох західних дипломатів, серед яких був амбасадор Канади Трой Лулашник. Також УКУ відвідали представники Комітету приятелів університету з Калгарі.

Тут, у Північній Америці, представники ректорату та працівники Українського Католицького Університету брали участь у благодійних бенкетах в Торонто, Монреалі, Нью-Йорку та інших містах.

Ми хочемо подякувати Вам за те, що допомагаєте нашому університетові розвиватися і процвітати навіть у ці складні часи. Ласкаво запрошуємо Вас відвідати УКУ у Львові, а також подумати над тим, у який дієвий спосіб Ви і Ваша родина могли б підтримати університет, щоб спільно творити нову яскраву сторінку в історії України та світу.

Нехай Господь благословить Вас!

Academic Exchange Program

UCU/St. Mary's University Student Exchange

Supported by the Calgary Friends of the Ukrainian Catholic University

Students of St. Mary's University – Linda Jenson and Pattie Quinn – attended the Ukrainian Catholic University and completed practica at the English Secondary School in Lviv as student teachers in the spring of 2013. They were also involved in assisting students of UCU in English language and presentation skills, and made presentations on

the Canadian secondary school system for students of UCU's Social Pedagogy Department.

In the fall of 2013, two of UCU's best Social Pedagogy students – Uliana Bezpalyuk and Ivanka Diman (pictured here with their hosts in Calgary) - were chosen for the exchange to Canada, focusing their work on language skills,

community service, and cultural activities. They took courses at St. Mary's University in English, French, drama, sociology

and psychology and completed internships at the local school and nursing home, led by Sisters Servants.

Course Projects

Certificate Programme in Bioethics

Supported by gifts from Yury Monczak and by the Monczak Family Endowment

By developing a humanistic approach to medicine, and fostering respect for the dignity of human life from conception to natural death, this program aims to train specialists in the field of bioethics on the basis of Christian moral principles. With courses in theology, philosophy, bioethics and jurisprudence, the program is intended for doctors, nurses, pharmacists, clinical pharmacists,

biologists, priests working in medical institutions, workers of palliative departments, and lawyers. In 2013, these funds were used to develop and print teaching materials and handbooks, pay professors' salaries, and allowed the University to co-host an international conference with the Association of Gynecologists of Poland on the topic of "Medical and bioethical questions of human procreation."

Icon Painting Summer School

Supported in part by the Calgary Friends of the Ukrainian Catholic University

An intensive three-week practice of icon-painting in the western Ukrainian tradition, the program provides an opportunity for first-hand study of ancient masterpieces, analysis of their technique and its creative imitation, the study of Christian art through courses in the theory and theology of art,

studio practice, and field-lectures in museums and monuments of sacred art. Participants are able to create their own icons under the supervision of professional icon-painters. It is one of the very few icon painting programs taking place in a traditionally Eastern Christian country but offered in English.

Publication Projects

To the Light of Resurrection through the Thorns of Catacombs. The Underground Activity and Reemergence of the Ukrainian Greek Catholic Church

Supported by the Wolodymyr and Stefania Lech Endowment

Translation and printing costs of the catalogue from the 2012 exhibit organized by UCU's Institute of Church History on the occasion of the 20th Anniversary of UGCC's legalization. Presenting a number of archive documents, oral history materials, and photographs related to the liquidation, underground activities, and eventual legalization of UGCC in 1989. It is the plan of the Institute to tour the exhibit in Austria, Germany and Switzerland.

Institute of Church History Archive

Supported by a gift from Yuri Monczak

Organization and cataloguing of the archive of Fr. Ihor Monczak donated to the Institute of Church History, in order to provide as many students and researchers as possible with access to the materials, as well as preparation for eventual publication. The archives contain many articles and lectures given by Fr. Monczak at UCU in Montreal

and at St. Paul University in Ottawa, on topics such as: the Ukrainian church, the idea of a patriarchate, church self-rule, and the development of the UGCC in the times of the unions of Florence and Brest. The archive also contains correspondence with Patriarch Josyf Slipyj and documents about the development of the UGCC after his release.

Other Projects

Rev. Basil Galarnyk Endowment Fund

Since 2004 UCEF held an Endowment for UCU, from a \$100,000 gift from the Estate of Rev. Basil Galarnyk, which funded an annual visiting professorship at UCU from 2006 until 2012. With the building of the new campus at UCU underway, and with plans to expand its programs, it was agreed that the Endowment should be transferred and best put to use by the University directly. The first installment of these funds was sent to UCU in 2013.

New Rector Installed and New Building Consecrated

Fr. Bohdan Prach, PhD, was announced as UCU's new rector on September 3, at the ceremony in which the university's new academic building was blessed. The photo shows him at UCU's charitable folk ball "Perelaz."

2014 Events: The Revolution

Photo by Andriy Polkovsky

Students and staff of UCU were active on Kyiv's Independence Square (Maidan) from the very beginning. Priests celebrated Liturgy, heard confessions and offered spiritual counsel. Students joined their peers in peaceful protest. In February 2014, UCU lecturer Bohdan Solchanyk was killed by a sniper on the square.

After the departure of President Viktor Yanukovych, UCU co-organized visits of students from eastern Ukraine to Lviv in an effort to preserve the spirit of unity. And the new government asked UCU's Lviv Business School to start a "good governance" program to train and re-train civil servants to operate in a corruption free environment.

Have you considered including UCEF in your will?

A will is an expression of your commitment to the people and groups that you cherish here on earth. As a supporter of the Ukrainian Catholic University, a bequest in your will ensures that the training of young leaders in Ukraine will continue into the future.

■ Suggested wording for a bequest:

"I give and bequeath to the Ukrainian Catholic Education Foundation, of Toronto, ON, _____% of the residue of my estate [or: the sum of \$_____] for its charitable, educational and religious purposes."

Please contact Ukrainian Catholic Education Foundation (UCEF) in Canada.

Thanks to **Alexandra Khraplyvyj Schur** and her late husband **Orest Schur** for including a living bequest to UCEF in their estate plan.
